DCA HD DVD-RW Formatter Purchased by RiTEK Taiwan

Taipei, Taiwan (April 7, 2005) – DCA is pleased to announce the sale of an HD DVD-RW Recordable Formatter to RiTEK Taiwan, a leading manufacturer of CD and DVD prerecordable discs.

”We are very pleased to have been able to work together with RiTEK on the development of our HD DVD-RW Recordable Formatter, and are honored by their confidence in DCA’s signal processors,” says Doug Carson, CEO, DCA, Inc.

A spokesman from RiTEK says, “DCA is a very professional optical media formatter supplier. We are pleased to use the DCA HD DVD-RW Formatter for the development of our HD DVD-RW disc.”

About DCA, Inc.

DCA, Inc., Doug Carson & Associates, (<http://www.dcainc.com>) is the industry's leading provider of world class signal processing technology. Since 1988, CD and DVD manufacturers world-wide have relied on DCA's pre-mastering, mastering and verification products. DCA's products include MIS (Mastering Interface System) V8 - supporting both CLV and CAV mastering, DDP Pro Tools, DDP Toolkit and Commander. DCA is the creator and licensor for the optical disc industry standard of DDP (Disc Description Protocol). DCA is also heavily involved in new format development in the optical disc industry such as HD DVD.

About RiTEK

RiTEK Corporation was founded in 1988 as the first optical disc manufacturer in Taiwan. RiTEK has devoted itself to constantly upgrading the technology, quality and capacity of its products. RiTEK has not only made the first CDs, DVDs and OLED in Taiwan but also become one of the leading manufacturers of storage media in the world.
